OMNIPLEX. Discover the scope of what our people understand

OMNIPLEX has grown exponentially
in a decade by maintaining constant
attentiveness to our customers' unmet
needs. Our services have been shaped by
our devotion to our customers' success.

We understand
how to bring the
right elements
together, and get
them working in

your schedule.

OMNIPLEX people manage and protect
high-profile sites around the nation. For
example, for the US Border Patrol, we handle
duties ranging from grounds maintenance
and physical training to food service and
facilities management. At a large automobile

manufacturing facility, OMNIPLEX people protect
a fleet of irreplaceable automobiles at a world-
class museum. We even protect the Space Shuttle
for NASA. No matter the scale or scope of services
you require, OMNIPLEX has people who are ready
to step up, take charge and fulfill the mission.

Integrity. Honor. Character.
Our customers see the difference.

"With over almost 30 years in the security area, I have worked closely with a variety of contract services. By far, your people outshine them all.

Your people are dedicated and committed to support of the mission. They are always alert, pleasant and very cooperative. They exhibit sound judgment and use good common sense. They use their heads, can think on their feet and are highly responsive. They are exceptional."
