

## Right Now, OMNISEC Investigators Are Bringing in More of the Most Wanted Guys in America

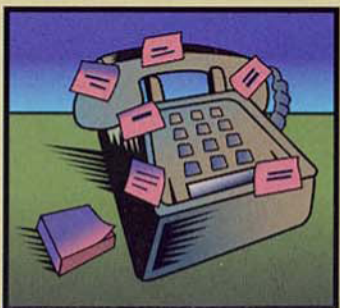

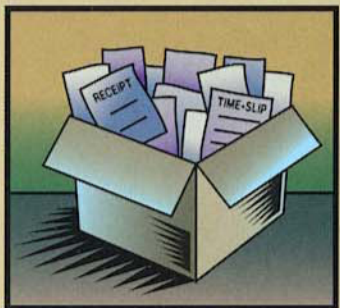

# Lots of OMNISEC Investigators Are Already Logged Into IRMA™ Online

While you're out looking for a mailbox, they're filing reports, assignment applications and vouchers instantly...at the push of a button.

While you're playing phone tag with other investigators, they're posting and picking up messages, directly and dependably, online.

While you're searching for receipts and makeshift "timeslips," they're entering information each day, then compiling final vouchers with one keystroke.

While you're trying to track down new assignments, they're reviewing every job OMNISEC has available in seconds...and submitting complete applications with just a couple of mouse clicks.
